Legend:

**POSEBNO DOVOLJENJE - SPECIFIC AUTHORISATION**

KM-RM - Storage and use of compound feed containing fishmeal, at holdings keeping ruminants and non-ruminants (specific authorisation)

KM-DTP - Storage and use of compound feed containing di- and/or tricalcium phosphate of animal origin, at agricultural holding breeding ruminants and non-ruminants (specific authorisation)

KM-PŽB - Storage and use of compound feeds containing processed animal proteins of non-ruminant origin (which are not processed animal proteins of insects or fishmeal) for animals in fish farms, where also other farmed animals species are kept (specific authorisation)

PD-KM-PŽB - Production of compound feeds for aquaculture animals with processed animal proteins of non-ruminant origin (which are not processed animal proteins of insects or fishmeal), in establishments, which produce also feed intended for other animal species (excluding fur animals) (specific authorisation)

PD-PKVN - Production of products from the blood of non-ruminants in a Category 3 processing plant that processes also the blood of ruminants (specific authorisation)

PD-PPŽB - Production of processed animal proteins of non-ruminants in a Category 3 processing plant that processes also the ABPs obtained from ruminants (specific authorisation)

KM-KP - Storage and use of compound feed containing non-ruminant blood products, at holdings keeping ruminants and other livestock animals (specific authorisation)

- PD-KM-RM - Manufacture of compound feed with fishmeal in establishments which are manufacturing also the feed intended for ruminants (specific authorisation)
- PD-KM-DTP - Manufacture of compound feed from di-calcium phosphate and/or tri-calcium phosphate of animal origin in establishments which are manufacturing also the feed intended for ruminants (specific authorisation)
- PD-KM-KP - Manufacture of compound feed from non-ruminant blood products in establishments which are manufacturing also the feed intended for ruminants (specific authorisation)
- PD-MN-RM - Manufacture of milk substitutes with fishmeal, which are intended for young ruminants prior to weaning, in establishments which are manufacturing also the other feed intended for ruminants (specific authorisation)
- PD-PKMN-PKVN - Manufacture of blood meal and blood products obtained from non-ruminants in a Category III processing plant, which processes also the blood obtained from ruminants (specific authorisation)
- KM-PŽB(INS) - Storage and use of compound feeds containing processed animal proteins of insects for aquaculture animals, at an agricultural holding, where also other farmed animals species are kept (specific authorisation)
- PD-KM-PŽB(INS) - Production of compound feeds with processed animal proteins of insects for aquaculture animals, in establishments, which produce also feed intended for other animal species (excluding fur animals) (specific authorisation)
- DOVOLJENJE - AUTHORISATION
  - D-KM-RM - Manufacture of compound feed with fishmeal in establishments which do not manufacture any feed intended for ruminants (authorisation)
  - D-KM-DTP - Manufacture of compound feed from di-calcium phosphate and/or tri-calcium phosphate of animal origin in establishments which do not manufacture any feed intended for ruminants (authorisation)
  - D-KM-KP - Manufacture of compound feed from non-ruminant blood products in establishments which do not manufacture any feed intended for ruminants (authorisation)
  - D-MN-RM - Manufacture of milk substitutes with fishmeal, which are intended for young ruminants prior to weaning, in establishments which do not manufacture any other feed intended for ruminants (authorisation)
  - P-XKD - Manufacture of authorised and unauthorised feed additives in an establishment on the same production line (authorisation)
  - P-XP - Manufacture of premixtures from authorised and unauthorised feed additives in an establishment on the same production line (authorisation)
  - P-XKM - Manufacture of compound feed from authorised and unauthorised feed additives in an establishment on the same production line (authorisation)
  - II-X - Indirect export of unauthorised feed additives (authorisation)
  - D-M 3(a) - Placing on the market within the Republic of Slovenia of milk by-products (as feed materials) complying with national standards (as referred to in point 3(a) of Part II of Section 4 of Chapter II of Annex X to Commission Regulation 142/2011/EU) and obtained in milk-processing establishments (authorisation)
  - D-M 3(b)(i) - Placing on the market within the Republic of Slovenia of milk by-products (as feed materials) complying with national standards (as referred to in point 3(b)(i) of Part II of Section 4 of Chapter II of Annex X to Commission Regulation 142/2011/EU) and obtained in milk-processing establishments (authorisation)
  - D-M 3(b)(ii) - Placing on the market within the Republic of Slovenia of milk by-products (as feed materials) complying with national standards (as referred to in point 3(b)(ii) of Part II of Section 4 of Chapter II of Annex X to Commission Regulation 142/2011/EU) and obtained in milk-processing establishments (authorisation)
  - D-MK 3(b)(i) - Use of milk, milk-based products and milk-derived products as feed for farmed animals at agricultural holdings (according to point 3(b)(i) of Part II of Section 4 of Chapter II of Annex X to Commission Regulation 142/2011/EU) (authorisation)
  - D-MK 3(b)(ii) - Use of milk, milk-based products and milk-derived products as feed for farmed animals at agricultural holdings (according to point 3(b)(ii) of Part II of Section 4 of Chapter II of Annex X to Commission Regulation 142/2011/EU) (authorisation)
  - PK-DTP - Storage and use of di- and/or tricalcium phosphate of animal origin as feed material for the holding's own production of compound feed for non-ruminants, at agricultural holding rearing only non-ruminants (authorisation)
  - D-KM-PŽB - Production of compound feeds for aquaculture animals with processed animal proteins of non-ruminant origin (which are not processed animal proteins of insects or fishmeal), in establishments, which do not produce any feed intended for other farmed animal species (authorisation)
  - MN-RM - Storage and use of milk replacer with fishmeal at holdings keeping ruminants (authorisation)
  - PK-RM - Storage and use of fishmeal as feed material for the holding's own production of compound feed for non-ruminants, at holdings keeping non-ruminants only (authorisation)
  - PK-KP - Storage and use of non-ruminant blood products as feed materials for the holding's own production of compound feed, at holdings keeping no ruminants (authorisation)
  - PK-PŽB - Storage and use of processed animal proteins of non-ruminant origin (which are not processed animal proteins of insects or fishmeal) as feed material for the holding's own production of compound feeds for aquaculture animals, at an agricultural holding, where no other farmed animal species are kept (authorisation)
  - PK-PŽB(INS) - Storage and use of processed animal proteins of insects as feed material for the holding's own production of compound feeds for aquaculture animals, at an agricultural holding, where no other farmed animal species are kept (authorisation)
  - D-KM-PŽB(INS) - Production of compound feeds with processed animal proteins of insects for aquaculture animals, in establishments, which do not produce any feed intended for other farmed animal species (authorisation)
